To: Detective Lieutenant Brian P. Tully #3520
From: Trooper Matthew P. Dunne #3943
Subject: Retrieval of video footage from the Town of Canton
Case: 2022-112-33

1. On February 2, 2022, Trooper Chris Moore #4180 and I, Trooper Matthew Dunne #3943, were canvassing for video footage pursuant to the O'Keefe motor vehicle homicide investigation. We proceeded to the Edward J. Lynch, Jr. House at Pequitside Farm, 79 Pleasant Street, Canton, MA. We were met by Regen Milani, the conservation agent for the town of Canton, and I explained the reason for our visit. Ms. Milani put me in touch with Louis Jutrus, the town's IT director. Jutrus gathered the video footage I had requested and provided me with a file share request, along with a guest account and password, so that I could access the footage. He confirmed that the date and timestamps were both correct. The video footage was archived by Coleen Crawford, the Multimedia Director and Certified Forensic Video Technician at the Norfolk District Attorney's Office.

Respectfully Submitted,

Trooper Matthew P. Dunne #3943

I have sent you a file share request so you should receive an e-mail with a password.

There are 2 executable files. You can download and then click on the file which will open the viewer and play the video. There are 2 cameras that face Washington St. One on each building. I have the 2 cameras in each video section for the requested times.

The recorders time are linked to the ntp pool and the dates and times requested are correct.

Let me know if you have any questions.

Thanks

Good afternoon Mr. Jutras,

We spoke the other day about retrieving video footage from Pequitside. I was wondering if you also had access to the town hall cameras and the public library cameras. If so, could I get footage for any cameras that capture any parts of the street, from 12:00AM to 1:00AM and from 5:00AM to 6:00AM on January 29, 2022?

Please get back to me whenever you have a moment. Thanks again for your help.

-Matt
